"Paris was personally a great experience for me. It was a mind blower! Absolutment! J'aime Paris (I love Paris) because the people accept the music with sincerity and warmth. I've always tried to play music in a sincere manner with love, beauty, and truth, even though it takes on many different forms of creativity. I hope the music I make will affect people in positive, spiritual ways and provide enjoyment or some type of direction that inspires them to pursue their artistic endeavors." – Sonny Simmons
