BRICKLAYIN' UNION MAN

Our Union, the Bricklayers and Allied Craftsmen, is proud to present this cassette of union songs and stories by Joe Glazer, Labor's Troubadour. Union songs represent an important part of labor's history and culture which have rallied workers to our cause.

For more than forty years, Joe Glazer's voice and guitar have been heard on scores of picket lines, at rallies and demonstrations and in a hundred union halls.

He has performed at many labor conventions including the merger of the AFL-CIO in 1955 and the AFL-CIO Convention in 1981, commemorating the 100th anniversary of the modern American labor movement.

Joe first sang to our Union in May 1987, at the BAC Local Officers' Leadership Seminar held at the University of Notre Dame in South Bend, Indiana. Those who were there were impressed with the spirit of Joe's songs. We decided to make it available to our mem-

bers by taping his performance at the annual Instructors Development program of the International Masonry Institute, August 8, 1987, at Piney Point, Maryland.

I hope you will enjoy these union songs and stories. Play this cassette in your car and to your family at home. Pass it around to your friends and fellow workers. It will make you proud of your Union, the Labor Movement, and its accomplishments. I trust it will inspire all of us to build a better and stronger Union.

John T. Joyce, President
International Union of Bricklayers
and Allied Craftsmen
