I would like to say a few things about this Album and also the Tommy Scott Traveling Medicine Show. As for Tommy himself, he comes from the old school of entertaining and I could talk for hours about him and still couldn't say enough nice things about him. And also Old Bleb.

I have had the pleasure of working with the Tommy Scott Medicine Show and let me say I enjoyed every minute of it. They have a great show with super pickers on the show. Scotty Lee is one of the most versatile pickers you will ever see. He is super in Country music and also he can do one good job on middle of the road songs.

I'm sure you will enjoy this album as I do for I have Tommy Scott records in my home.

Thank you,
