OUTER SPACE music VACLAV NELHYBEL

OUTER SPACE music VACLAV NELHYBEL

Ingenious use of echo, artificial reverberation and electronic alterations gives the music in this category a weird, spooky futuristic, "out of this world" quality, well-suited to super-natural happenings of any kind. Piano, drums and electronic instruments are used to achieve the strange atmosphere and spatial sounds.

SIDE 1

1. **STRANGE ERUPTIONS** 0:33
Unearthly explosions; slow, suspenseful, mystifying sounds.
2. **NEBULAE** 0:57
Weird drum sound; cosmic mirage in the making, gradually increasing in sound and then ebbing away. Tempo conveys feeling of mysterious wait.
3. **COSMIC CYCLE** 1:18
Slow mutations; ghostly sounds of different drums and low piano chords with an eerie inner voice.
4. **SPACE METEORS** 0:35
Again and again, strange objects seem to fall through space.
5. **STAR CLUSTERS** 0:46
Luminous celestial effervescence featuring high tone-clusters and arpeggios on piano.
6. **SONG OF THE SPHERES** 0:33
Weird melodic strains with heavy rhythm chords underneath; strangely dramatic.
7. **COSMIC TWILIGHT** 0:30
Nebulous haze in the dawn of infinity.
8. **MARS CRATERS** 0:32
Queer shapes, mystifying shadows and elusive depths in slight agitation.
9. **COSMIC FRIGHT** 0:43
Planetary excitement makes for strange dramatic vibrations in space.
10. **SPACE SHIP** 1:00
Eerie distant suspenseful motion with awesome punctuations.
11. **PULSE OF THE UNIVERSE** 1:00
Strange unison passage with rhythmic pulsebeats setting in second half.

SIDE 2
